Affected Products

This Hotfix applies to the following:

- 2017.1.2 Update versions of Autodesk AutoCAD 2017, Autodesk AutoCAD LT® 2017, and Autodesk AutoCAD 2017-based vertical products

Issues Resolved by This Update

This Hotfix addresses an issue with HP PageWide XL V4 drivers not providing consistent media information for custom media sizes defined by the user in the HP Printer Properties dialog.

Installation Instructions

You must have administrative privileges on your Microsoft Windows operating system to complete the installation process.

This installation requires you to replace the following files:

- *gdiplot13.hdi*
- *hpgdi13.hdi*
- *ocegdi13.hdi*
- *xesgdi13.hdi*

Download the correct Hotfix for your application to a location on your local computer:

- For 32-bit operating systems (AutoCAD + verticals):
  AutoCAD_2017_1_2_HP_Driver_Hotfix_32bit.zip

- For 32-bit operating systems (AutoCAD LT):
  AutoCAD_LT_2017_1_2_HP_Driver_Hotfix_32bit.zip

- For 64-bit operating systems (AutoCAD + verticals):
  AutoCAD_2017_1_2_HP_Driver_Hotfix_64bit.zip

- For 64-bit operating systems (AutoCAD LT):
  AutoCAD_LT_2017_1_2_HP_Driver_Hotfix_64bit.zip

Double click on the zip file and extract the resulting files to a location on your computer, e.g. *C:\Temp*.

To Replace the Files

1. Close all software applications.
2. Navigate to your product installation folder; for example *C:\Program Files\Autodesk\AutoCAD 2017*.
3. In the product installation folder, right-click on each of the *.hdi* files listed above, select Properties, and go to the Details tab. You should replace each file (following steps 4 and 5) only if the version is lower than the one listed below.

   - 13.0.402.16

4. In the product installation folder, right-click on each file to rename it (e.g. *gdiplot13.hdi* to *gdiplot13.bak*).
5. Move the newly downloaded file from *C:\Temp* to this folder.

To Uninstall This Hotfix

1. Delete the files that you downloaded and installed.
2. Restore the renamed files to their original names (e.g. *gdiplot13.bak* to *gdiplot13.hdi*).
