Affected Products

This extension applies to all language versions of the following products:

- Autodesk® AutoCAD® Map 3D 2017

Note that the extension is only available in English and German.

Content Summary

- AutoCAD Map 3D 2017 Wastewater Extension for Administrator
- AutoCAD Map 3D 2017 Wastewater Extension

These installers contain the import and export functionality for the Wastewater module.

Supported file formats are: ISYBAU 1996/2001, ISYBAU 2006, ATV-M 143-2, ATV-DVWK-M 150-1, EN-13508-2

The extension also contains the classification functionality for the Wastewater features.

Limitations:

- It is not possible to do import of inspection data with embedded DWG (DWT) given that is not possible to have a project with two DWG/DWT files.
- The extension does not support SQL Server industry models.

Installation Instructions

To install the Wastewater Extension:

Note: You must have **administrative privileges** on your Microsoft Windows operating system.

Download the appropriate version of the extension 64-bit based on your operating system.

1. On the computer where the products (Autodesk Infrastructure Administrator 2017/Autodesk AutoCAD Map 3D 2017) are installed, close all software applications.
2. Execute the following file *CKE_WWForAdmin.msi* to install the extension for the Autodesk Infrastructure Administrator 2017.
3. Execute the following file *CKE_WasteWater.msi* to install the extension for Autodesk AutoCAD Map 3D 2017.

Note that the installer will automatically detect AutoCAD Map 3D 2017 on your computer.
